COMMENTS FROM THE TOWN MANAGER'S OFFICE

At a meeting of the Board of Selectmen held last Friday evening it was voted to purchase a 1952 Ford tank truck with 1000 gallon capacity for the Fire Department.

The truck had previously been used for the delivery of gasoline. The possibility of repairing the old American-LaFrance fire truck and converting it to a tank truck had been considered. It was found that it would cost more to install a new motor, purchase a tank and make other necessary repairs, than it would to purchase a good used truck with a tank already mounted.

The truck has nearly a new motor and is mechanically sound with good tires. The truck will serve a good purpose for providing a water supply for grass, woods, and structural fires in rural areas.

Any parts that can be used in the future will be salvaged from the American-LaFrance and what is left will be sold for scrap metal.

As the season for building, making repairs and alterations is at hand your attention is called to the following ordinance: Art. 4, Sec. 1. A permit issued by the Town Manager shall be required for all buildings hereafter erected in the Town of Bethel, or buildings now standing which shall be altered, rebuilt or extended.

Forms for this purpose have been prepared and printed. There is no fee for the permit.

Sincerely,
Harold L. Bean

NEW BOOKS AT THE BETHUEL LIBRARY

Adults: "The Virtuous Women of Pont Clery" by Flora Sandstrom. A sequel to "The Midwife of Pont Clery" reveals that the one-time midwife has lost none of her unconscious power of stirring up tempests and revolutions in the lives of others. As amusing as its predecessor.

"Dawn's Early Light" by Elwyn Thane is the human story behind our first war for liberty, and of men and women loving and laughing and living through war to the dawn of a better world.

"A Time of Fear" by Roderick MacLeish. There were nice people in Rock Lodge until that fateful summer. According to the Haskell Construction Company, Rock Lodge was an obstacle. The people's battle against invasion is the narrative core of a book of real power and suspense.

"The Bachelor's Baby" by Gwen Davenport. This story of what a man will do to get or keep a portion of his life in even more amusing than the author's earlier "Belvedere."

Young People's Books: "Snowflake Thompson" by Adrien Stoutenburg and Laura Baker. The colorful, authentic biography of a little-known mid-1800's figure in our history. John A. Thompson, who before the stagecoach, carried on his mail, supplies over rugged California, Nevada. Mrs. Inspiring Mills. A "giant" girl of the 1850's finds happiness as she and her brother befriend a small, waif, malice valued friends, including a "treble boy."

Junior's: "The P. B. I." by Quentin Reynolds. All about the cases the P. B. I. has solved. Exciting "King Oberon's Forest," by Hilda van Stockum. When a fairy child's came is forced upon three cradled dears, the heart-warming changes resulting astonish andadden the forest creatures.

Easy: "Who Is It?" by Zhenya Gay. An intriguing reading guessing game for smallest readers.

"A pessimist is a man who finances an optimist." G. E. News

how easy it handles!

The world's most complete truck line—15 tons to 98,000 lbs. GVW.

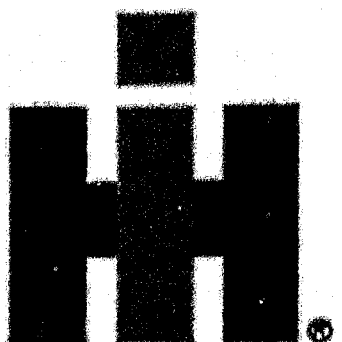

Everyone who drives a new INTERNATIONAL cab-forward model tells us how easy it is to maneuver.

Would you give it your own personal maneuvering test? Note how nimble this INTERNATIONAL Truck is... in traffic, or on the road. Reason? The short cab and the way it's designed it. Only 89 inches long, bumper-to-back of cab!

That short dimension not only gives better maneuverability—it allows more payload in back. Yet the cab is full-size—doors and all. Nothing cramped about it.

Like all INTERNATIONAL Trucks, this cab-forward model costs least to own.

Come in and drive a new INTERNATIONAL cab-forward yourself. Then you tell us how good it is!

LETTERS TO THE EDITOR

I have asked and have been granted graciously space to express my concerns about current Bethel citizens for which I am grateful to the editor.

I cited my remarks into Spec's editorial. Don says he, I suppose you have paid your tribute of twenty-five cents to the Bethel Area Development Corporation. No, Don, I haven't. But that's only half the answer. The other half is that I'm not going to do it.

No doubt this makes me persona grata to some and a dirty punk to others. What I am doing is matter. What does matter is that there is a small, particular segment of the community who feel, I believe, as I do that the particular plan which this group promulgates is outrageous, especially at this time. As I hear it there is no question of good intentions. It is the quality of the plan itself which is open to doubt.

As I understand it the parishioners are asked to raise and sink something like ninety-seven thousand dollars on some such spot as the back side of Barker mountain for the express benefit of whom? The eating houses you say, for one. Granted that how many more people and which is more important how much wages will they get? In other words how many bread winners would benefit? The asking for the butcher, the baker and the candlestick maker. How will they benefit? All the eating houses order wholesale from out of town. Even the undertaker would stand to benefit very little. He might get the privilege of using his ambulance on a broken leg once or twice a year; quite possibly at his own expense. The iron keepers would stand to benefit and possibly a few others. But would the whole town reap benefits commensurate with the ninety-seven thousand invested?

The real trouble with our community is distrust and suspicion. For instance, there is the suspicion that some among the leaders in the town do not actually want a thriving industry here. This is not to accuse, but it does cite a prevalent destructive force in

SKILLINGTON

Mrs. Ole Tift, Corres. — Sgt. and Mrs. Osell Saunders arrived in Portland by plane from Japan last Thursday for a thirty-day leave. They were met at the airport by Mr. and Mrs. Carlton Saunders and grandson, Richard Saunders.

Mr. and Mrs. Albert Plamondon, Middleboro, were week and guests of Mr. and Mrs. Harold Young. Mrs. Alice McAllister returned to work on Monday after being confined for a week with the flu. George McAllister also returned to work on Monday.

Mrs. Harold Young substituted at the Crescent Park School, Monday.

Mr. and Mrs. A. H. Tift spent Sunday with the R. C. Tifts.

There is no plan can be a total success without total effort. And there cannot be total effort without the wholehearted, united backing of all of us.

There is a way to lay the ghost of these suspicions. That is for the whole town to unite in a wholehearted effort to go out and get a thriving industry for the benefit of all. Then there might ensue a prosperity sufficient to warrant the erection of a ski slide as is now proposed.

One hears the remark that we do not want undesirable people. I, for one, would like to see the Bethelians famous enough to smile his bosom and proclaim himself a desirable person. All that I have met thus far are busily working their own particular angles.

If we all do not unite in what ever effort is made the results are likely to run something like this: Enough money will be raised to start the ball rolling. Then money will have to be borrowed to finish up the job. With the result that there will be frequent passings of the hat to raise interest money and reduce the size of the debt. Good for the bankers, but not for the town. Meanwhile the destructive forces of distrust and suspicion

JUNIOR CHOIR

We had our meeting and elected new officers: Duane Jordan, president; Judy Cuyler, Vice President; Mary Anne Bartlett, secretary; Charlene Swain, vice secretary; Linda Paine, treasurer; Cheryl Grenier, reporter. We sang Easter Sunday and we were pleased to have so many there and we thank you. We will also sing the last Sunday in the month. After the meeting we went out and sang a few songs. We want to thank Linda Paine, Carol Flint and Martha Keniston for playing the organ for us. — Reporter, Cheryl Grenier.

Along with the ill will they engender are permitted to operate unmolested among us. Until the spiritual rot results eventually in a ghost town.

The perpetuation of that most desirable estate, the status quo, is a fond delusion often courted as well as being an impossibility to maintain.

My plea is that a plan be adopted which all of us can unite wholeheartedly behind, for the benefit of the whole town. Amen.

G. L. Kneeland

Milford, Ind. Mail: "A free economy does not move in a straight line, but in curves, up and down. At present there is a downward trend but increased defense spending, raising the national debt ceiling to \$280 billion, easing of credit and the other manipulations are calculated to provide the sagging economy with a shot in the arm. It may mean another ride on the merry-go-round of inflation."

PTA TO MEET MONDAY,

APRIL 14 AT 7:30

There will be a very important meeting of the P.T.A. at the Crescent Park School on April 14 at 7:30 (please notice this is on Monday rather than on the regular P.T.A. schedule).

The speaker for the evening is Dr. James C. MacCampbell, assistant professor of education at the University of Maine. He is also consultant for the McMillan Book Co., compiling a manual for a reading series. His degrees consist of a B. A., Ohio Wesleyan, '38; M. A., Ohio State, '46. He received his Ph.D. in 1957. At present he is conducting a course for teaching in Language Arts at Lewiston ev-

ery Saturday. The P.T.A. program committee feels very fortunate to have a speaker, with Dr. MacCampbell's background in reading theory and problems address the P.T.A. at a time when students reading and study habits are getting national attention. It is the committee's sincere wish that every thinking parent will attend this meeting and that—in spite of extremely busy schedules there will be 100% attendance of teachers (from both schools) for this pleasant and informative evening. Refreshments will be served during the social hour following the meeting.

Edford, Ind., Daily Times-Mail: "Education is the most selfish thing in the world. The only person who can give it to you is you. Teachers can lead, suggest, cajole, even browbeat, but they can't make you learn. That you do alone."
